Filezilla and FTP

- 1) Download Filezilla from http://filezilla-project.org/download.php
- 2) Install Filezilla
- 3) Click on the Filezilla icon. The following will appear:

Click OK. The Filezilla application will appear:

Upload\Download Queue

The Site Manager enables users to create bookmarks to FTP sites. By using the Site Manager, users can access saved bookmarks or create new bookmarks.

Creating a new bookmark

File	Edit	View	Transfer Server	Bookmarks	Help	_	
	Site Ma	nager.	-		CTRL+S		
	Copy current connection to Site Manager					ord:	_
	Export					-	
	Import.						
	Show fi	les cui	rently being edited	CTRL+E			
	Exit				CTRL+Q		
.ocal	site: \						9
6	🗄 📳 Co	omput	er				
	÷	, C:					
	±	D: (H	ECOVERY)				:
		ğЕ: Эс.					
		L G					
	÷	H:					
Filer	name /	_	Filesize	Filetype	Last mod	lified	
inci							

To create a new bookmark or access existing bookmarks, click on File, then Site Manager as seen below:

The following will appear:

	Select Entry:		General	Advanced	Transfer setting	s Charset
	My Sites		Host:		Po	rt:
			Serverty	pe:		
ved Sites			Logonty;	pe: Anony	mous	,
			User:	Ĵ
